History: (Amnd 01-12-94; Amnd 09-18-08;-)

B. DISTRICT BOUNDARIES:

The boundaries of these districts are hereby established as shown on the zoning Map, City of Lapeer Zoning Ordinance, which accompanies this ordinance, and which map with all notations, references and other information shown thereon shall be as much a part of this ordinance as if fully described herein.

C. DISTRICT BOUNDARIES INTERPRETED:

Where uncertainty exists with respect to the boundaries of the various districts as shown on the zoning map, the following rules shall apply:

1. Boundaries indicated as approximately following the center lines of streets, highways, or alleys, shall be construed to follow such center lines.
2. Boundaries indicated as approximately following platted lot lines shall be construed as following such lot lines.
3. Boundaries indicated as approximately following city limits shall be construed as following city limits.
4. Boundaries indicated as following railroad lines shall be construed to be the midway between the main tracks.
5. Boundaries indicated as following shorelines shall be construed to follow such shorelines, and in the event of change in the shoreline shall be construed as moving with the actual shoreline; boundaries indicated as approximately following the center line of streams, rivers, canals, lakes or other bodies of water shall be construed to follow such center lines.
6. Boundaries indicated as parallel to or extensions of features indicated in subsections 1. through 5. above shall be so construed. Distances not specifically indicated on the official Zoning Map shall be determined by the scale of the map.
7. Where physical or natural features existing on the ground are at variance with those shown on the official Zoning Map, or in other circumstances not covered by subsections 1. through 6. above, the Board of Appeals shall interpret the district boundaries.
8. Insofar as some or all of the various districts may be indicated on the Zoning Map by patterns which, for the sake of map clarity, do not cover public rights-of-way, it is intended that such district boundaries do extend to the center of any public right-of-way.

D. ZONING OF ANNEXED AREAS:

Whenever any area is annexed to the City of Lapeer, one of the following conditions will apply:

1. Land that is zoned previous to annexation shall be classified as being in whichever district of this ordinance most closely conforms with the zoning that existed prior to annexation, such classification to be recommended by the Planning Commission to the City Commission and the Commission shall approve same by resolution.

2. Land not zoned prior to annexation shall be automatically classified as an R-7 District until a zoning map for said area has been adopted by the City Commission. The Planning Commission shall recommend the appropriate zoning district(s) for such area within three (3) months after the matter is referred to it by the City Commission.
History: (Amnd 01-12-94;-)

E. OVERLAY ZONING DISTRICTS

An overlay zone is a zoning district that exists in conjunction with, or "on top of" conventional zoning districts. It may cross the conventional or "underlying" zoning districts, or may be located within a single district. The overlay zone imposes a set of requirements in addition to those laid out by the underlying zoning regulation and may modify the underlying district's requirements. The purpose of an overlay zoning district is to address special features or conditions that may pertain to several districts or a subset of one district.

History: (Amnd 09-18-08;-)

F. ZONING OF VACATED AREAS:

Whenever any street, alley or other public way, within the City of Lapeer, shall be vacated, such street, alley or other public way or portion thereof shall automatically be classified in the same Zone District as the property to which it attaches.

History: (Amnd 09-18-08;-)

G. DISTRICT REQUIREMENTS:

All buildings and uses in any district shall be subject to the provisions of 7.17 GENERAL PROVISIONS and 7.16 GENERAL EXCEPTIONS.

Contingent upon the following:

- Allow for flexibility during the site plan review to reduce the number of off-street parking spaces required;
- Require a revised Condominium Plan be submitted and approved by the Planning Commission; and
- Require a legal agreement be obtained to ensure provision of a future access to the property located to the north.

This rezoning is based on substantial compliance with the revised conceptual plan by CHMP Architects titled “The Lapeer Commons” with a revision date of 7-1-09, and supercedes the previous rezoning of the property to PUD based on the conceptual plan dated 10-01-08. This rezoning is further based on completion of the site plan process for the various phases of the development within three (3) years from the date of final rezoning approval by the City Commission as per Article 7.14.5.
