

# PROJECT SUMMARY REPORT

Updated 11-21-06

## Optimist Community Soccer Fields

The construction contract for this project is essentially 100% complete pending minor punch-list items. A 10% retainage totaling \$66,592.26 is being held to complete these items and ensure that adequate turf growth occurs. Furnishings and equipment have been purchased with the playground and trees being installed this fall. A grand opening ceremony is planned for spring, however, it will likely be held late in the season to allow better soil and turf conditions.
