Subject: City Staff

Dale, Just a quick note to let you know that your staff amazed me again. Trilogy had a small internal problem in that their bed count changed by 9 after Trilogy took the project over from DMK. Brent solved a big problem with the financial lenders for the project. This is just another example of the City's willingness to actually care about the businesses. As a Trustee in White Lake Township, I am using Lapeer as the example of how White Lake must be to attract quality businesses in this market. Mike
